Which Programs are GE Programs

The HEA provides that to be Title IV-eligible an educational program must be offered by:

- A public or non-profit postsecondary educational institution, if the program leads to a degree; or
- Any institution, if the program prepares students for “gainful employment in a recognized occupation”

Generally, all non-degree programs must lead to *gainful employment*

Generally, most programs at for-profit institutions must lead to *gainful employment*

Debt to Earnings Measures

Debt to Earnings Overview

Cohort Periods

- D/E rates are calculated using debt and earnings of students who complete a GE program during a specific cohort period
- Cohort period is either two or four years
 - Two-year cohort used if 30 or more students completed during the period
 - Four-year cohort used if fewer than 30 students completed during the two-year cohort period
 - If fewer than 30 students completed during the four-year cohort period, D/E rates will not be calculated

Cohort Periods

- Two-year cohort is students who completed the program during the 3rd and 4th award years prior to award year for which rates are calculated
- Four-year cohort is students who completed the program during the 3rd, 4th, 5th and 6th award years prior to the award year for which rates are calculated
- D/E rates calculation for 2014-15
 - Two-year cohort period is 2010-11 and 2011-12
 - Four-year cohort period is 2008-09, 2009-10, 2010-11 and 2011-12

D/E Rates Calculation

- Corrections and Challenges – two 45-day periods
 - Corrections following the release of the Draft Completers Lists
 - Correct inaccuracies in school-entered reporting data (CIP codes, institutional debt figures, tuition and fees amounts, etc.)
 - Correct improper inclusion/exclusion from the list (exclusions will be covered on the next slide)
 - Challenges following the release of the Draft D/E Rates
 - Limited to loan debt information only
- Watch for upcoming webinars and information on the IFAP site

D/E Rates Calculation

- Exclusions
 - Any of student's Title IV loans are in a military-related deferment
 - Any of student's Title IV loans have been approved or are under consideration for a Total and Permanent disability discharge
 - Student was enrolled in any other eligible program during the calendar year for which SSA earnings are obtained
 - For undergraduate GE programs, student completed a higher-credentialed undergraduate GE program at the same institution
 - For graduate GE programs, the student completed a higher-credentialed graduate GE program at the same institution
 - The student is dead

D/E Rates Calculation

$$\text{Discretionary Income Rate} = \frac{\text{Annual Loan Payment}}{\text{Annual Earnings} - (1.5 \times \text{Poverty Guideline } (\$11,670))}$$

$$\text{Annual Earnings Rate} = \frac{\text{Annual Loan Payment}}{\text{Annual Earnings}}$$

Accountability Metrics

The Department will analyze the salary data for the 2014 calendar year and the debt of the graduates in the 2010-11 and 2011-12 award year (in the typical case – absent issues of small programs, medical students, etc.)

Debt to Earnings (D/E)	Debt to Discretionary Income	Rating	Ineligible for Title IV
Less than or equal to 8%	Less than or equal to 20%	Pass	n/a
$8\% < D/E \leq 12\%$	$20\% < \text{Discretionary D/E} \leq 30\%$	Zone	Fail and/or in the zone, for 4 consecutive years
Greater than 12% or \$0 income	Greater than 30% or \$0 income	Fail	Fail 2 out of any 3 consecutive years

Calculating Median Loan Debt

Annual Loan Payment = (1) Median Loan Debt of Program Completers,
(2) Amortized Over Repayment Period,
(3) At the Appropriate Average Interest Rate

To calculate median loan debt, take for each student, the lesser of:

- the loan debt incurred; or
- the total tuition, fees, books, equipment, and supplies
- Remove, if applicable, the appropriate number of highest loan debts related to graduates that are unmatched by SSA; then
- Calculate the median of the remaining amounts

Calculating Median Loan Debt

Student	Actual Debt	Actual Charges (with books, etc.)	Lower Value
Amy	\$50,000	\$35,000	\$35,000
Bobby	\$40,000	\$32,500	\$32,500
Chrissy	\$40,000	\$30,000	\$30,000
Danny	\$40,000	\$30,000	\$30,000
Emily	\$25,000	\$30,000	\$25,000
Fanny	\$25,000	\$30,000	\$25,000
Gary	\$0.00	\$30,000	\$0
Holly	\$0.00	\$30,000	\$0

- SSA can't find one number—remove highest value
- Median Debt is \$25,000

D/E Rates Calculation

- Annual loan repayment
 - Calculated by determining the median loan debt of students who completed the program during the applicable cohort and amortizing that debt
 - Includes private education loans and total amount outstanding on any other credit extended by the institution
 - Capped at lesser of total amount of student's tuition and fees, books and supplies, and equipment or the total amount of debt the student incurred for the program

D/E Rates Calculation

- Annual earnings
 - Based on earnings obtained from SSA
 - ED submits a list to SSA of students who completed the program during the cohort period and received Title IV aid
 - SSA calculates and returns the mean and median annual earnings of students on the list for whom it was able to match earnings data for the GE “earnings year”
 - SSA does not provide individual earnings data or the identity of any student

Draft GE Completers List

- Draft GE Completers List was send to SAIG mailbox June 1
- GE Completers List pages on the NSLDS Professional Access Website available to enter corrections June 14
- **45 day Corrections Period – ends July 28, 2016**
- GE Electronic Announcement #78 provided guidance on the types of Corrections and the Comments and Supporting Documentation that should be included

Draft GE Completers List Corrections

- The only method for institutions to submit corrections is the new GE Completers List pages on the NSLDS Professional Access Website
- The following are the only corrections to a completer (student) that can be submitted:

- Add GE Completer (student)
 - GE Program for completer must exist in the institutions GE Completers List file

This correction type is entered on the GE Completers Add Page

- Update Student Identifiers
- Exclusion Removal/Addition
- Update or Add GE Program Data
- Delete GE Program Data

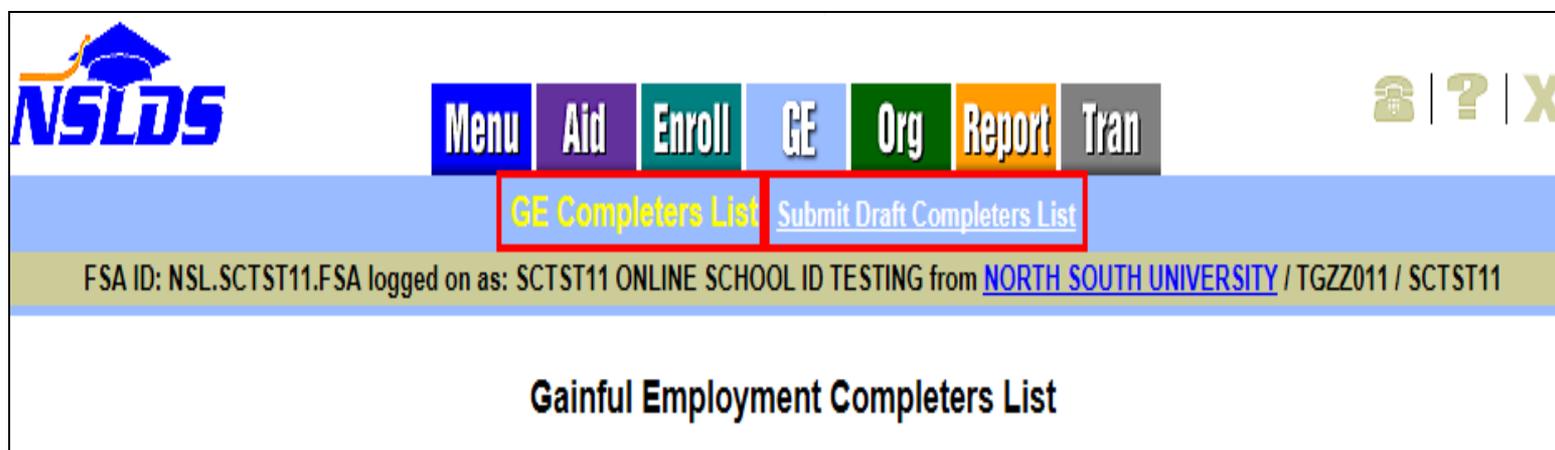

These corrections types are entered on the GE Completer Update Page

- When all GE Program Data for a student is deleted, the student will not be included in the GE Program at time of calculation

Certifications

- Institution must update information about its GE programs using the Application to participate in Federal Student Aid Programs (E-App) so that its Eligibility and Certification Approval Report (ECAR) is current
- Institution must certify that each GE program it offers:
 - Is approved by a recognized accrediting agency or otherwise included in the institution's accreditation by its recognized accreditation agency
 - If a public vocational institution, is approved by a State agency recognized to approve such programs in lieu of accreditation
 - Is programmatically accredited if required by a Federal governmental entity or by a governmental entity in the state where the institution is located or in which it is otherwise required to obtain State approval

Certifications

- Satisfies applicable educational prerequisites (in the State in which the institution is located or in which it is otherwise required to obtain state approval for professional licensure or certification requirements in that State) so that a student completing that program and seeking employment in that State qualifies to take any licensure or certification examination needed to practice or find employment in an occupation that the program prepares students to enter
- Is not substantially similar to a program offered by the institution that, in the prior three years, became ineligible under the D/E rates measure or was failing, or in the zone, and was voluntarily discontinued by the institution
