Session #BC4

Need Analysis and Packaging (Operational Basics of Title IV)

David A. Bartlett
U.S. Department of Education
FSA New Financial Aid Administrator Pre-Conference Training

Federal Student Aid
An OFFICE of the U.S. DEPARTMENT of EDUCATION
PROUD SPONSOR of the AMERICAN MIND®

December 2, 2019
Course Objectives

• Calculating an Expected Family Contribution (EFC)
• Developing a Cost of Attendance (COA)
• Awarding Aid
• Federal Pell Grants
• William D. Ford Federal Direct Loans (Direct Loans)
• Notifying Applicant
EFC and COA

- COA – EFC = Need for subsidized aid
- COA – EFA = Unsubsidized aid

- What is a COA?
- What is an EFC?
- What is EFA?
Calculating an EFC

EFC
EFC Facts

• A student’s EFC is the same at any school
• EFC could change during the year as a result of verification and corrections
• EFC could change from year to year because of changes to the tables and family data
• The only official EFC is one calculated by the CPS found on the ISIR/SAR
Several EFC’s are Provided on ISIR

- **Always** use the Primary EFC for federal student aid programs

- **For Pell Grants**
  - **Always** use the nine-month EFC

- **For all other federal student aid**
  - use the EFC that corresponds to the actual period of enrollment
COA Activity

- Circle the items that are not allowed to be included in a COA
- One minute
Cost of Attendance (COA)

- Defined in Sec. 472 of the Higher Education Act (HEA)
  - Only expense items specified in the HEA can be included
  - More than just direct costs

This is not something that ED provides for you. You are responsible for determining the reasonable expenses needed to complete each of your school’s programs.
Pell COA vs. COA for other FSA Programs

- Pell COA = cost for a full-time student for a full academic year
  - Always use for calculating Pell Grants

- COA for other FSA Programs = costs associated with the period of attendance
EFC and COA Revisited

• COA – EFC = Need for subsidized aid
• COA – EFA = Unsubsidized aid

• What is a COA?
• What is an EFC?
• What is EFA?
# Packaging Examples

- **Subsidized Aid**

<table>
<thead>
<tr>
<th>COA</th>
<th>$10,500</th>
</tr>
</thead>
<tbody>
<tr>
<td>EFC</td>
<td>1,000</td>
</tr>
<tr>
<td><strong>Need</strong></td>
<td><strong>$9,500</strong></td>
</tr>
</tbody>
</table>

- **Unsubsidized Aid**

<table>
<thead>
<tr>
<th>COA</th>
<th>$10,500</th>
</tr>
</thead>
<tbody>
<tr>
<td>EFA</td>
<td>9,500</td>
</tr>
<tr>
<td><strong>Unsubsidized Eligibility</strong></td>
<td><strong>$1,000</strong></td>
</tr>
</tbody>
</table>

Student receives a $5,145 Pell Grant and a $3,000 Scholarship, a $1,355 Subsidized Loan
Key Concepts and Definitions

- Academic Year (34 CFR 668.3)
  - Semester, Trimester, Quarter, or Clock-Hours
- Week of Instructional Time (34 CFR 668.3(b))
- Program Length (34 CFR 668.8)
- Award Year (34 CFR 600.2)
- Payment Periods (34 CFR 668.4)
- Standard Term, Nonstandard Term, Non-Term Credit-Hours, and Clock-Hours (*Federal Student Aid Handbook*, Volume 3)
Activity

• Academic Year Definitions & Program Length Activity
  • Answer for your school
• COA – EFC = Need activity fill in the blanks
  • Two minutes for both
Federal Programs:

- **Pell Grant**
  - *FSA Handbook 3-43*

- **Iraq and Afghanistan Service Grant**
  - *FSA Handbook 3-62*

- **Campus Based Programs: FSEOG & FWS**
  - *FSA Handbook 6-1*

- **TEACH Grants**
  - *FSA Handbook 3-85*

- **Direct Loans**
  - *FSA Handbook 3-91*
Awarding Aid
Pell Grants and Direct Loans
Pell Grant Formulas

- Credit-hour Programs
  - Formula 1, 2, or 3

- Clock-hour Programs
  - Formula 4
Pell Formula 1 and 3

Credit-Hour Programs
Pell Formula 4

Clock-Hour and Non-Term Programs

**Formula 4 Summary**
Clock-hour programs and credit-hour programs without terms, residential portion of non-term correspondence programs.

**Step 1: Determine Enrollment Status**
At least half-time or less-than-half-time.

**Step 2: Calculate Pell COA**
Full-time, full academic year costs.
Cost for program or period not equal to academic year prorated. Two fractions compared:

\[
\frac{\text{Hours in program’s definition of academic year}}{\text{Hours to which the costs apply}} \quad \frac{\text{Weeks of instructional time in program’s definition of academic year}}{\text{Weeks of instructional time in the enrollment period to which the costs apply}}
\]

The entire cost is multiplied by the lesser of the two fractions to determine Pell COA.

**Step 3: Determine Annual Award**
Always taken from full-time payment schedule (equal to Scheduled Award). Does not mean students are always considered full-time.

**Step 4: Determine Payment Periods**
Length of payment period measured in credit or clock-hours. Minimum of 2 equal payment periods required for programs shorter than an academic year, or 2 equal payment periods in each full academic year (or final portion longer than half an academic year) for programs longer than or equal to an academic year.

**Step 5: Calculate Payment for a Payment Period**
Annual award multiplied by the lesser of:

\[
\frac{\text{The number of credit or clock-hours in the payment period}}{\text{The number of credit or clock-hours in the program’s academic year}} \quad \frac{\text{The number of weeks of instructional time in the payment period}}{\text{The number of weeks of instructional time in the program’s academic year}}
\]

Note: A single disbursement can’t exceed 50% of the annual award.
What do all of the Pell formula’s have in common?

• They all have the same five steps
• You can find them all in Volume 3 of the *FSA Handbook* and 34 CFR 690
• In the end a Pell Grant amount will be calculated
  • Yes, really…
Five Calculation Steps

Step 1: Determine enrollment status
Step 2: Calculate Pell Grant COA
Step 3: Determine annual award
Step 4: Determine payment periods
Step 5: Determine payment per payment period
Calculation Walk-Throughs

- Pell Formula 1 walk through
  - Calculate a Pell Grant Activity
  - 5 minutes

- Pell Formula 4 walk through
  - Calculate a Pell Grant Activity
  - 5 minutes
Pell Required Recalculations

- If student’s EFC changes
- If student didn’t begin attendance in all classes to support enrollment status the award was based upon (34 CFR 668.21)
- If student’s enrollment status changes from one term to another
Crossover Payment Periods & Clock-Hour/Nonterm

- Payment period that includes June 30 and July 1
- Aid may be paid from *either* award year
  - The payment period must be assigned to and paid from *one* award year
  - Student must have valid SAR/ISIR for assigned year and have remaining eligibility
- Any aid drawn down for crossover period may pay all costs associated with the period (even if paying from next award year)
- May use different award year for Pell than for other Title IV aid
Crossover Payment Periods – Credit-Hour

• Institution has flexibility in how crossover gets assigned
  • Always assign crossover payment period as “header” or “trailer”
    or
  • Assign crossover payment period on case-by-case basis to best meet needs of students
• Student cannot receive Pell from both award years in same payment period
Direct Loans

- Background & Introduction
- Three Required Elements = Booked Loan
  - Direct Loan origination record
  - Master Promissory Note
  - Direct Loan disbursement record
EFC and COA Must Reflect the Loan Period

• Loan amounts for periods that are not equal to one academic year must be prorated
• The EFC that most reasonably corresponds to the number of months in the loan period must be used to award the loan
• The COA that reflects the costs incurred during the loan period must be used
150% Direct Subsidized Loan Limit

- Law limits subsidized loan borrowing
- Student may receive subsidized loans for 150% of the length of the student’s current educational program
  - Aggregate subsidized loan limit still applies
- Law includes potential loss of subsidy for each borrower, after 150% point is reached
Direct Loan SAY/BBAY1 or BBAY3

- Clock-Hour & Non-term Programs
  - Borrower Based Academic Year 3

- Credit-Hour Programs
  - Scheduled Academic Year
  - Borrower Based Academic Year 1
Federal Direct Loans

- Subsidized Loans
  - Only for undergraduates
- Unsubsidized Loans
  - For undergraduates, graduates, and professional students
- PLUS Loans (unsubsidized)
  - For parents of dependent students
  - For graduate/professional students
Federal Direct Loan Awarding Principles

• Students are subject to annual and aggregate loan limits
• Student may not be eligible to borrow the full amount due to other aid in their aid package
• School MUST award subsidized before awarding unsubsidized
• Base Amount may be all subsidized, all unsubsidized, or a combination
• Annual Loan Limit includes the Base Amount and the Additional Unsubsidized Amount
Eligibility for Direct Loans

- A school must determine if
  - The student is eligible for a Federal Pell Grant before awarding any loans, AND
  - A student is eligible for subsidized loans before awarding unsubsidized loans
- A student must
  - Meet all of the general eligibility requirements, AND
  - Be enrolled at least half time

**Graduate and Professional Students**

As defined in 34 CFR 685.2, a Graduate or Professional student is one who:
1) Is not receiving Title IV aid as an undergraduate student for the same period of enrollment,
2) Is enrolled in a program or course above the baccalaureate level or is enrolled in a program leading to a professional degree, and
3) Has completed the equivalent of at least three years of full-time study either prior to entrance into the program or as part of the program itself.

</tr>
<tr>
<td>Credit-hour programs offered in nonstandard-terms that are not substantially equal in length.</td>
<td>The payment period is the successful completion of: • half of the weeks of instructional time in the academic year/program less than an academic year; and • half of the credit-hours in the academic year/program less than an academic year. For the remainder of a program equal to or less than half of an academic year, the payment period is the remainder of the program.</td>
<td></td>
</tr>
<tr>
<td>Clock-hour programs and non-term credit-hour programs.</td>
<td>The payment period is the successful completion of: • half of the weeks of instructional time in the academic year/program less than an academic year; and • half of the clock/credit-hours in the academic year/program less than an academic year. For the remainder of a program equal to or less than half of an academic year, the payment period is the remainder of the program.</td>
<td></td>
</tr>
</tbody>
</table>

1 If a program is offered in a combination of standard and nonstandard terms and the program does not qualify to use a Scheduled Academic Year, or "SAY" (see Chapter 5 for details on SAYs and Borrower Based Academic Years—BBAYs), then for Direct Loan purposes, the program is subject to the disbursement requirements that apply to nonstandard programs that are not substantially equal in length.

2 Successful completion means that the student has earned a passing grade or otherwise received credit for the credits or clock-hours in the payment period.

• Four minutes
Federal Direct PLUS Loans

• For parents of dependent undergraduates
• For graduate/professional students
• School must offer Unsubsidized Direct Loans before awarding PLUS to a graduate/professional student
• There is no annual/aggregate limit – but PLUS loan amount added to other EFA must not exceed COA
• PLUS loans may replace EFC because they are unsubsidized
• Borrowers must have no adverse credit
Increased Unsubsidized Loan Limits

• For dependent undergraduates whose parents are unable to obtain PLUS loans:
  • Due to adverse credit
  • Due to exceptional circumstances
• Student may receive additional unsubsidized loans in the same amounts as independent undergraduate limits
• Eligibility extends for current academic year
Prorating Annual Loan Limits

- Annual loan limits must be prorated when:
  - the student is enrolled in a program that is shorter than a full academic year, or
  - the student is enrolled in a remaining period of study shorter than a full academic year
- Prorated loan limits are then used in the awarding process to determine student eligibility
- Proration is not required for PLUS loans, graduate students, teacher certification, and preparatory coursework
Notifying the Applicant

The Financial Aid Offer
April 15, 2019 Financial Aid Offers: Recommendations

• Avoid calling your financial aid offer an “award” and avoid calling it a “letter”

• Avoid issuing a financial aid offer that does not include cost of attendance

• Avoid listing the cost of attendance without breaking it down into clear components

• Avoid listing grant and/or scholarship aid, loans, and work-study together
April 15, 2019 Financial Aid Offers: Recommendations

- Avoid listing student loans without clarifying the source (federal, state, institutional, or private)
- Avoid listing Parent PLUS loans with student loans
- Avoid issuing a financial aid offer without CRITICAL next steps
- Avoid issuing a financial aid offer without net cost calculated
College Financing Plan (formerly known as Shopping sheet)

- September 5, 2019 Electronic Announcement
## College Financing Plan Template

### Expected Family Contribution

- **Direct on FAFSA**: As calculated by the institution using information reported on the FAFSA or to your institution.
- **Based on Institutional Methodology**: Used by most private institutions in addition to FAFSA.

### Loan Amounts

Note that the amounts listed are the maximum available to you — you are allowed and encouraged to borrow less than the maximum amount. To learn about loan repayment choices and work out your Federal Loan monthly payment, go to: [https://studentaid.gov/repay-loans/understand-loans](https://studentaid.gov/repay-loans/understand-loans)

### Other Potential Education Benefits

- **American Opportunity Tax Credit**: Parents or students may qualify to receive up to $2,500 by claiming the American Opportunity Tax Credit on their tax return during the following calendar year.
- **Military and/or National Service Benefits**

### Customized Information from USDS

### Glossary

**Cost of Attendance (COA)**: The total amount (not including grants and scholarships) that the college will bill you to attend school during the academic year. COA includes tuition and fees, housing and meals, and allowances for books, supplies, transportation, institutional, and dependent care. It also includes miscellaneous personal expenses, such as an allowance for the rental or purchase of a personal computer, costs related to a disability, and reasonable costs for out-of-state residents.

**Expected Family Contribution**: A number used by your school to calculate the amount of federal student aid you are eligible to receive. It is based on the financial information provided in your Free Application for Federal Student Aid (FAFSA). This is not the amount money your family will have to pay for college, nor is it the amount of Federal student aid you will receive.

**Federal Work-Study**: A federal student aid program that provides part-time employment while the student is enrolled in school to help pay for his or her educational expenses. The maximum amount of Federal Work-Study that a student may receive is limited. It is based on the amount of Federal Work-Study that the student is awarded by the school for the academic year. The availability of work-study jobs varies by school.

**Grants and Scholarships**: Student aid funds that do not have to be repaid. Grants are often need-based, while scholarships are usually merit-based. Occasionally you might have to pay back part or all of a grant (e.g., you withdraw from school before finishing a semester). Loans: Borrowed money that must be repaid with interest. Loans from the federal government typically have a lower interest rate than loans from private lenders. Federal loans include Direct Subsidized Loans, Direct Unsubsidized Loans, and Parent Plus Loans. Non-federal loans include private loans and alternative loans.

**Direct Subsidized Loan**: Loans that the U.S. Department of Education does not charge interest on while you are in school (at least half time) for the first six months after you leave school (in the interest protection period), and during a period of deferment (a postponement of loan payments).

**Direct Unsubsidized Loan**: Loans that the borrower is responsible for paying the interest on during all periods. If you choose not to pay the interest while you are in school and during grace periods and deferment or forbearance periods, your interest will accrue (accumulates) and be capitalized (i.e., your interest will be added to the principal amount of your loan).

**Parent PLUS Loan**: A loan available to the parent of dependent or undergraduate students for which the borrower is fully responsible for paying the interest regardless of the loan status.

**Private Loan**: A nonfederal loan made by a lender such as a bank, credit union, state agency, or school.

**Net Cost**: An estimate of the actual cost that student and his or her family must pay to attend a given year’s state education expenses for the student to attend a particular school. Net price is determined by taking the markups cost of attendance and subtracting any grants and scholarships for which the student is eligible.
