Ms. Paula Craw, VP, Student Success and Outreach, Educational Credit Management Group  
Ms. Amy Kerwin, VP, Education Philanthropy, Ascendium Educational Group  
U.S. Department of Education  
FSA 2019 Presidential Leadership Summit

# Project Success Overview

## Objective

**Improve institutional performance and student outcomes at Minority Servicing Institutions (MSIs).**

## Focus

**Improving persistence, graduation, cohort default and loan repayment rates at targeted MSIs at the lowest possible cost. MSIs represent 686 institutions who enroll approximately 2.8 million students receiving financial aid.**

**Project Success was recently extended through 2022, with plans to expand the program from 144 schools to approximately 300 schools.**

**With the extension, additional services will focus on career exploration, tutoring and advising, and integrating student-facing interventions into the mobile app.**
